

INDUSTRY & ECONOMIC ANALYSIS

Project Guidelines - Final Presentation (Stage 2)

Weightage – 70%

Important Instructions:

- Each group will get 15 minutes (HARDSTOP!) for their presentation (excluding Q&A).
- All presentations need to be submitted through an e-mail with subject line “*IEA Project - <Your Group no.>*” (with other group members in cc) to sarthak.agarwal@manipal.edu by **06th April 2026, 10:00am.**
- No report needs to be submitted.
- While the project is group-based, each group member may be graded individually based on the course instructor’s assessment of relative contribution and Q&A
- Dress code: I leave it to your judgment.

Final Presentation Structure (15 minutes):

I. Opening (2 mins)

- Industry context and the specific problem/transformation
- Why it matters (scale, significance, stakeholders affected)
- Your analytical approach (frameworks used)

II. Situation Analysis (3 mins)

- Frameworks: PESTEL / Porter's 5 Forces / SWOT etc. (**only the most relevant ones**)
- Use data, charts, and interview quotes to support analysis

III. Primary Research (4 mins)

- Key insights from stakeholder interviews
- Quotes, anecdotes, and qualitative evidence
- Points of consensus and disagreement among stakeholders
- How do interviews support or challenge secondary data?

IV. Secondary Data Analysis (3 mins)

- Trends: trade flows, production, employment, market share
- Use charts, graphs, tables
- Data sources clearly cited

V. Strategic Recommendations (2 mins)

- Specific, actionable recommendations for:
 - Firms: immediate, medium-term, long-term actions
 - Government: policy reforms needed

- Industry associations: collective action possibilities
- Acknowledge trade-offs and implementation challenges

VI. Conclusion (1 min)

- Core insight: one key takeaway
- Broader implications: lessons for other industries
